

Alan Stout

November 13, 1947 - May 10, 2023

1947 - 2023

Alan Clarke Stout, late of Wilmington NC, passed away on May 10, 2023 at Lower Cape Fear LifeCare surrounded by family sharing precious memories and being honored as a veteran.

Alan was born on November 13, 1947 in Lebanon, Indiana and went on to earn a Bachelor of Science degree from the University of Pittsburgh. After marrying Sharon, Alan worked at Pressure Chemical Company while attending university, eventually working his way up to the role of President. He then founded ACS Consulting and Sales and traveled the world teaching advanced technical procedures in hydrogenation. Alan retired as General Manager of Glycotech Inc. in Leland North Carolina where he was honored as Coastal Entrepreneur of the year in 2012 for his work in renewable chemical technologies.

Alan served as a reserve Medic in the U.S. Army, where he was known for his skill in venipuncture. Alan was a devoted member of Bethel Park Presbyterian in Pennsylvania and Winter Park Baptist Church in North Carolina, where he was involved in numerous service initiatives. He had a kind and selfless spirit, was a talented scientist, and was humble and gracious with a genuine interest in the lives of others. He loved camping with friends and family in Pennsylvania and hosting them at the family trout camp on Curry Run in Pennsylvania. He was a big supporter of the Pittsburgh sports teams and the Steelers in particular, even swaddling his first-born son in a terrible towel. He

enjoyed taking cruise boat vacations with his dear friends known as the 76ers from Bethel Park Presbyterian Church and hosting friends and family on his fishing boat, the Fortuna in Wilmington, NC. Above all, Alan was most proud of his fifty-four years of marriage to Sharon Stout and the family they built including his children and grandchildren. Alan cherished the time spent fishing, camping, and boating with friends and family.

“ *Dear Mrs. Stout,*

We were deeply saddened to learn that Alan has passed away. We hereby express our deepest sympathy to you and your family. Alan worked very successfully with BIAZZI as its representative in the USA for 15 years and was very appreciated as a highly professional and pleasant partner to work with. During our travels together in the south of the USA, when we went to visit customers together, we had many good, exciting, interesting, but also relaxed and funny moments together. We wish you much strength, dear Mrs. Stout. Our thoughts are with you and your family, whom Alan loved so much and of whom he often spoke with pride. In deep sympathy,

*Martin Esktrand, Commercial Director
Bruno Tettamanti, Head of Sales and Marketing

“ Alan hired me at Glycotech, in 2011. Just today, I found a note I shared with a friend about an act of kindness I witnessed Alan perform. Short version, he helped a stranger who pulled into our parking lot suspiciously. I was SO concerned it could be trouble. Alan went out to the car to check, my heart pounding as I watched. He turned and headed back inside. Turned out to be a young man traveling home for Christmas who ran out of gas. Alan grabbed a gas can and headed back out the door saying, 'He is a brother.' I knew exactly what he meant. Not a brother because of the color of his skin but that he was a brother serving for the USA as a soldier. He drove all the way into town, got the gas, returned with it and even gave him some cash. It brought tears to my eyes then and it brings tears to my eyes now.

Alan was a kind, honorable soul, beautiful spirit. I am so grateful he became my friend. I learned so much from him. The earth has one less angel on the ground but gained one in heaven. 🙏

“ I only knew of Alan through Sharon, who I have known since the second grade. Sharon, I am so so sorry for your loss. I don't know how someone moves through this big of a loss. But know that I send you blessings. You are a very strong person so I know you will find your way. Love to you and your kids and grandkids through this difficult time. Julie

“ I met Alan on my first trip to Pressure Chemical in 1992. We immediately became friends, with both of us being Pitt grads and Army vets. I made many more trips to PCC for a variety of projects. Alan made sure we got all the support we needed. He was simply a wonderful, creative chemist, a real pleasure to work with, and a true gentleman. My condolences to his family.

“ My deepest sympathy to Sharon and the entire family. I had hoped to make it down for a visit and perhaps plan a fishing trip with Alan...if only I could have found the time.
