“ I was so sad to read about C.C.'s passing. I remember the last time I saw her at Brittany's eighth birthday. She loved her joyful little granddaughter. You all have my love and prayers.

“ I did not know C.C. well but had the distinct pleasure of chatting with her at our hospitality gathering after service on Sunday on a few occasions. We had two things in common. We were both Army veteran wives and we had a heart for animals that needed to be cared for due to dire circumstances. When I made the decision to take care of the stray cat's medical needs that decided to take up residence at All Saints Anglican Church I learned of CC's love for cats. I though I might be investing a few \$100.00 worth of general preventative care for Cuthbert (whose presence was first noticed at All Saints on St. Cuthbert's Day). I soon found out that this responsibility grew to be in the \$1000.00! When I appealed to our church family for assistance, CC was one of the first to generously respond. My memory of her is of a compassionate caring soul.
