“ I'm rejoicing in the fact that you're up there with Jesus now and reunited with Brenda and those that have passed on before. Still, you're loved and missed more than you could possibly ever know. Rest well Dad and be happy but most of all...rest in peace. I'll love you forever.

“ You will sorely be missed Charlie. You were a dear and close friend and I know you are in a better place. We will see each other again one day.

“ Daddy, you are gone but not forgotten and while I know you're in a better place, my heart still aches for you not being here. You were an amazing father and the one I could always count on to be there when no one else was. You were the greatest man I have ever loved and the best daddy a girl could ask for. RIP Daddy...till we're together again.

“ I didn't know Charles personally, but I knew him from the stories you would share with me, Sabrina. He always sounded like the kind of father I wished I had -- a good man that loved and supported you no matter what, and I know you loved him dearly. My thoughts and prayers are with you and your family. I'm so sorry for your loss.

“ Dear Sabrina and Katie, I wish you both much love, warmth and wisdom to carry this tremendous loss. We both know how it is to be without your father in your life, but he is in a better place now where pain and suffering don't exist... Stay strong I am sure he would have wanted that!
