“ Dear Betty:

I was so sorry to learn about Chuck's passing, and have been wanting to reconnect with you as someone really special to me and so many others, including my dear Mary, deceased on March 22nd 2020, just before the explosion of Covid 19 began; although never complain-ing about her many difficult health issues, she bravely lived on with them to the very end.Oh, how I miss her after being married 57yrs. You may call up her OB at WilmingtonCares,.com if you like. It's a great modern service of nice friends at Wilmington Funeral and Cremation.

Would love to reconnect with you if you would kindly email your telephone # to me..

Affectionately,

Chuck Dean
