“ Nini, it has been a thousand years since we have been in touch. I was Linda Register but since divorced and took my maiden name back. Played bridge with you and Annette Anderson and Diane Muscat and Liliane Johnson. I am sorry to hear about Luke. However, I am glad to make a connection with you again. Please feel free to contact me. Thanks, and God bless.

“ To Harold and the family,  
My deepest sympathy. I learned Luke has passed today from folks in HP. He was a great high school friend and a fun fellow Bball player with me for the Black Bison. Always loved his smile, humor and he was always there at your back.

“ Hi Nini, Bryan, and Family, Please accept our most sincere condolences. Harold had advised me recently that Luke had been sick, and I had been praying for him. You folks were such good friends with my mom, Caroline Moore, and I have fond memories of your family from my childhood. I remember Bryan when he was just a tiny fellow, and he used to play in our yard with all the neighborhood kids. The thing that I remember most about Luke was his smile. Just like his photo pictured on this site. He was always cheerful, and seemingly very active. I know that we have not seen each other in a long time, but just remember that you are loved.  
Friends Always, Tony Moore, Also Pete, Terri , & Sherry
