“ I just now (1/1/26) found out that my high school friend David Inman passed away back in March 2025. We were good friend, went trout fishing together, and he taught me how to tye trout flies. Lost contact with him when I went to college. He was a good friend all through high school.

“ I am so sorry for the loss of David. I lived across the street the street from David and were childhood friends. We shot bows , trout fished, trapped, camped, and were just fun friends for several years. We were busy doing something most of the time. I know you are saddened by his death. I wish the best for you and all of his family. Sincerely,
Phillip K Edwards

“ Nothing but great memories of fun times and love.
Our family was lucky enough to be one of the extras on many fun adventures with David Inman clan remembering things about our times from...
lots of Smiles, laughs, and love ...
sometimes tough love,
last minute auto fixes,
runs on the beach,
yogurt and cereal,
games like "whomp 'em",
ocean baptisms,
oh and
circling up the wagons before
ferry rides
just to name a few

*Thankful to have been part of the ride!
Much love, respect and appreciation

“ I'm so thankful that God gave me the opportunity to know David Inman. There are simply too many wonderful memories and events that have shaped my life to mention them all. But from the days of playing in the snow (lots of sledding), to the beach trips (spending the night in the Piggly Wiggly parking lot), to David helping me with a science project for school, the impact he had on me just can't be measured. Oh and I haven't even mentioned the impact he had on me and my relationship with Jesus. I look forward to the day that we get to see him again!

“ Those of us who had the blessing to know David, always Mr. Inman to me, are better off in our lives to have known him and we are diminished by his passing. He taught me how to shoot a bow, amongst other things, and I will always be forever grateful to him for the knowledge and wisdom he provided me.
