“ Dear Kip, and Kip's Library family and all of your family, I feel so blessed to have met Jack at the library a few years ago and so sad to hear of his passing today. Why oh why didn't I go over and speak to him a few weeks ago when I was in there? I will always remember him as a nice gentlemen who would talk with me and then let me go on my laptop and we would sit side by side companionably at the back of the library. He talked to me about Pamlico and Washington NC and we talked about how beautiful the area was. I think he could sense I missed my own Dad. What a nice person was Jack. I will miss him, too. Kip, and family, you are in my prayers. May your memories comfort you as you go along and until you meet with him again.

“ Condolences Jack, Kipp, & Kathryn. I'll remember "Uncle Jack" as a kind and proud guy. He had great stories for Masonboro Island camping trips. With sympathy.

“ We are remembering a special event where we spent an evening sharing a meal and laughing with Jack. Tales of the family and past fun memories!
Montana is a great memory for us, too, Jack.
Go in peace.
