“ *Im very sorry to hear about death of your father. Les was one our favorite residents while being a resident at Cornithian Place in Leland. He was a very sweet kind gentleman. Les was a person you could easily love. I would always tease him about those pretty blues eyes. no one had blues like him. He was a ladies man. When he was moved to another healthcare facility i really truly missed him. May God continue to bless each one you. Take care*
