“ *My grandma was a lady like no other. She beat to her own drum and I loved that about her. I will miss her dearly. I have to admit though every time I think about her, I find myself smiling. Thinking about where she is, who shes with, and what they are all doing just makes my heart giggle with pure joy. She really is the lucky one.....and she still beats to her own drum up in heaven ... I'm sure of it. In fact.... if we all listened close enough I bet we would hear her. I love my grandma.*

“ *I had a dream the other night that I was hugging my mom and I actually felt a tight embrace. It felt good. It is still surreal that she is gone. I miss her voice, her face, and our belly laughs. I miss you mom*

“ Remembering the week that Margie spent with me. We had a blast going different places every day. We laughed as she shared stories of her and uncle Bill's past.
Margie was so full of life. She was a good role model. She loved The Lord and loved sharing Him with others. I will miss her. But I will cherish the time I spent with her and the memories.

“ That is a very nice picture of my dear sweet aunt Margie. We loved her very much.....we always gave her our prayer concerns and she would be our prayer warrior praying for all our friends' needs. I will miss her terribly but know she is at peace now and not hurting any more and joined Uncle Bill. Our prayers go out to Carol & Jim and the rest of her family.
