

## Patrick Dudley Jones

April 6, 1961 - June 26, 2018

Patrick Jones, age 57, peacefully passed away at home with his loving and loyal wife, Cathie, by his side on Tuesday, June 26th.

Determined strength defined his life and this was evident until his death. His courageous spirit and overwhelming strength defied the odds as he battled cancer. Patrick lived life through his code of honor, deep love, and loyalty for his loved ones. In this way, he truly valued his closest friends. Being on the water, fishing, and his meticulous detail with landscaping were his truest passions.

Patrick is survived by his wife, Cathie Hurley, her sons, Kyle Jarrett and Austin Jarrett, his cherished niece, who was like a daughter to him, Madhavi Trikha, family and friends who deeply loved him, and Tucker, the dog he hated but cuddled with every night. He was preceded in death by his greatest mentor, his father, Harold Dudley Jones.
