“ I am the proud granddaughter of Ricky Grubb Sr. Untill I see you again Papa Ricky. Hunting and Fishing was so much better with Papa and Granny because they showed us grandchildren true honest love, camping with Papa Ricky was always my most memorable childhood memory because of the patience Papa Ricky always showed me when it came to target practice like the time he let me shoot this double barrel shotgun only because I begged him even though he told me it had too much kick for a little girl but he gave in and allowed .me to shoot it and I surprised him by not getting knocked off my feet from the kickback and still hit the target. The next time I go fishing Papa Ricky I'll catch the Brim and you'll be in heaven looking down catching Angel fish. Papa Ricky I'll miss you everyday till my time comes to meet up with you at those pearly gates and I'll bring that giant buck that always eluded you Papa Ricky.
