LS

“ I have so many fun memories of Susan from work and after she retired. She would make me cry from laughing so hard. I have stickers on my office window from when she was in the office. Susan had so many organization stickers all over.

TJ

“ Susan , so creative, independent and full of life and opinions! I worked with Susan for many years and still walk past her office and think of her! She stayed with me a couple years ago while on her road trip from Canada. It seems like yesterday that she was going on the blue line to the Chicago boat tour! I will be going to Off Broadway tonight for some " crispy chicken wings " and a drink! This was a favorite place of Susan's in the "suburbs". You will be missed my friend!

DR

“ Susan was a kind, thoughtful, humorous, validating person, with a keen intelligence, who always made me feel good to be with her, and who focused on what was important in life. I knew her through our years at Madden, and miss her, and am in her debt for many warm memories which will live on with me and as long as her friends and relatives remember her.

JA

“ *I remember a funny and vivacious woman with a warm heart, a snarky wit, and a deep appreciation for counterculture and obscurity and an even wider appreciation for the arts, especially photography. She was kind and friendly, caring and opinionated. I receive the news with sadness, am thinking of her family, and know she will be missed by many.*
