“ So sad that you had to leave us honey. The time for you to rest came too soon. I'm happy I could spend all this time with you. You were my greatest adventure. I feel bad because I couldn't tell you for a last time how much I love you, but I know you knew it. You will always be alive in my heart, now you will be my second subconscious, guiding me through my life as you did before passing away. Thank you for all the life lessons you gave me and helping me to become a better person. I love you very much nad I will miss you a lot.

Rest in peace my beloved, honey.
